

Your Way to Easy Ordering

Pubeasy and Teleordering

Nearly 8,000 booksellers networking with more than 7,000 publishers

Pubeasy – is a web portal that provides customer service information and electronic ordering. It connects nearly 8,000 booksellers worldwide with all the major UK and North American publishers. Booksellers can check price and availability, place and track orders from suppliers through one portal.

Further information: info.pubeasy.com

Teleordering – is a system that provides electronic ordering with ISBN routing. It is used by booksellers worldwide, to order from over 7,000 UK and international publishers. It is connected to supplier and bookseller systems, as well as point of sales systems. It is linked with bibliographic data so that booksellers only need to provide a title's ISBN, and Teleordering will route the order to the correct supplier.
